

New York test-day review

CAR / LEARNER PERMIT • WRITTEN KNOWLEDGE PREPARATION

Your exam: 20 questions; at least 14 correct AND at least 2 of 4 sign questions correct.

Recall first, then check. Cover each point and explain it in your own words. Read the official handbook for full rules and exceptions.

- 01.** Study manual chapters 4–11 and the road-sign chart. The standard permit test has a separate road-sign passing requirement.
- 02.** School bus with flashing red lights: stop at least 20 feet away from either direction, even on a divided highway.
- 03.** New York City: no turn on red unless a sign permits it. Outside the city, an allowed right-on-red still requires stopping and yielding.
- 04.** Signal turns or lane changes at least 100 feet ahead; check mirrors and the blind spot before moving.
- 05.** Never pass a vehicle stopped at a crosswalk to allow a pedestrian to cross.
- 06.** Unattended hydrant parking: keep 15 feet away. Crosswalk at an intersection: 20 feet; stop sign, yield sign or signal: 30 feet.
- 07.** Dim high beams within 500 feet of oncoming traffic and within 200 feet when following another vehicle.
- 08.** Turn on headlights when weather requires wipers to clear rain, snow, sleet or fog.
