

Texas test-day review

CAR / LEARNER PERMIT • WRITTEN KNOWLEDGE PREPARATION

Your exam: 70% passing grade. Our 30-question format and timer are training settings.

Recall first, then check. Cover each point and explain it in your own words. Read the official handbook for full rules and exceptions.

- 01.** Signal continuously for at least the last 100 feet before a turn.
- 02.** Uncontrolled T-intersection: the road that ends yields to the through street.
- 03.** An unpaved road yields to a paved road. At an otherwise uncontrolled intersection, yield to traffic approaching from the right.
- 04.** Parking clearances: hydrant 15 feet; intersection crosswalk 20 feet; approach-side stop or yield sign or signal 30 feet; nearest railroad rail 50 feet.
- 05.** Roundabout: yield to circulating traffic, follow the lane markings and travel counterclockwise.
- 06.** Pavement-edge recovery: slow down, check traffic and return smoothly. Avoid sharp steering or hard braking.
- 07.** On a steep downhill grade, use a suitable lower gear. Do not coast in neutral.
- 08.** Teen learner license: a licensed adult age 21 or older sits in the front passenger seat. No phone use, including hands-free, except in an emergency.
